Phone & Feature Guide

This diagram illustrates the HTC One M8 smartphone with labels pointing to its key features:

- Headphone jack
- Power
- Front camera
- Volume up / down
- Charger / USB port
- Recent apps
- Home
- Back
- Dual speakers
- nano SIM and microSDTM card slots
- Notification LED
- Power
- Headphone jack

The phone's screen displays the time as 10:08 AM, the date as SAT, MAR 29 | NEW YORK, 50°, and a weather icon. Below the screen, there are several small thumbnail images representing different apps or notifications. The HTC logo is visible at the bottom center of the phone.

the **Internet** app to browse the web.

Finalization

Customize your phone with wallpapers,
ringtones, and more.

long hold a blank area to access
personalization options.
Select what you want to change, such as
the home screen wallpaper.

Contacts and Phone Calls

Access phone settings

The screenshot shows a contact card for "Phil Parker" with the phone number "M: +12345557094". A green oval highlights the "4 MATCHES" badge. Below the card is a dial pad with numeric keys (1-9, *, 0, #), a "CALL" button, and a microphone icon. A green oval highlights the microphone icon, with the text "Access voice commands" pointing to it. Another green oval highlights the "Dial number" label at the bottom.

Text Messaging

Return to All messages < Compose Add an attachment*

The screenshot shows the Microsoft To Do app interface. At the top, there's a recipient field "To: Natasha White" and a "Choose a contact" button. Below it is a message input field with placeholder text: "What time do you need to be at the airport? Let's grab a quick brunch". The message has a timestamp "6:11 AM" and a small icon. A keyboard is visible at the bottom.

- Select suggested word
- Enter numbers and characters
- Choose a contact
- Send the message
- Tap and hold to enter text with voice

Please don't text and drive
* Messaging rates apply.

Email

The screenshot shows the AT&T Mail application running on an iPhone. The top navigation bar includes "Search mail" and "Compose new message". Below the navigation bar is a toolbar with icons for "Switch to another mail account", "Read the message", and "Show toolbar options". The main screen displays an inbox titled "All accounts (171) All inboxes". It shows several email messages from different senders:

- Angela Wang: "Weekend trip", body text: "Hey Jen, Would you like to go hiking with us on Saturday?...", timestamp: 10/05/12
- Jennifer Singer: "Re: test", body text: "On Tue, Sep 25, 2012 at 10:50 AM, Jennifer S.", timestamp: 09/25/12, status: (4) unread
- Diana Mayer (LinkedIn Invitation): "Reminder about your invit...", body text: "This is a reminder that on September 7, Diana...", timestamp: 09/17/12, status: (2) unread

At the bottom of the screen are standard iOS message controls: back, forward, reply, and delete.

Send an email

- ① Open the **Mail** app.
- ② Set up the email account that you want to use.
- ③ On the email account inbox, tap **+**.
- ④ Fill in one or more recipients.
- ⑤ Enter the subject and your message.
- ⑥ To add an attachment, tap .
- ⑦ Tap  Or to send it later, tap  > **Save**.

Camera

Send a picture or video*

- ① Open the **Gallery** app.
- ② Browse an album, and then tap a picture or a video.
- ③ Tap **Share** to share via Bluetooth®, send by email, send as a message, or upload to a social network.

* Data charges may apply.

Change Camera mode

From the Viewfinder, tap to change camera mode.

Turn off HTC BlinkFeed

- ① Press and hold a blank area to access customization options.
- ② Tap **Manage home screen pages**.
- ③ Swipe to the BlinkFeed panel, and then tap **Remove**.

HTC BlinkFeed™

Get updates in HTC BlinkFeed

Easily access content from popular websites and your social networks.

- ① From the Home screen, swipe right to access HTC BlinkFeed.
- ② In HTC BlinkFeed, swipe right to open the slideout menu.
- ③ Tap > **Add content**.
- ④ Tap a category to see available content.
- ⑤ Select the content you want to add to the feed.

Pair with another Bluetooth device

- ① Tap > **Settings**.
- ② Under **Wireless & networks**, turn on Bluetooth using the **On/Off** switch.
- ③ Tap **Bluetooth**, and then tap **Scan for devices**.
- ④ Tap an available device to pair.

Connect to a Wi-Fi network

- ① Tap > **Settings**.
- ② Under **Wireless & networks**, turn on Wi-Fi using the **On/Off** switch.
- ③ Tap **Wi-Fi**, and then choose a Wi-Fi network to connect to (secured networks require a passkey).

- ① Tap > **Settings**.
- ② Under **Wireless & networks**, tap **More > Mobile network sharing**.
- ③ Tap the Mobile Hotspot **On/Off** switch to turn it on.
The first time you turn on the Mobile Hotspot, you'll need to set it up.
- ④ Enter a hotspot name and enter a password, or use the defaults.
- ⑤ To help make your hotspot more secure, tap **Advanced settings**.
- ⑥ Tap **Next** and then tap **Done**.

* Mobile Hotspot is available on select GoPhone and postpaid plans.

Bluetooth, Wi-Fi, Mobile Hotspot

Network

Your 4G LTE® wireless device will indicate which of AT&T's wireless networks you are connected to. A network indicator does not necessarily mean that you will experience any particular upload or download data speeds.

Connected to AT&T's 4G LTE network.

Connected to AT&T's HSPA+ network. AT&T's HSPA+ network is capable of delivering 4G speeds when combined with enhanced backhaul. 4G availability is increasing with ongoing backhaul deployment.

Connected to AT&T's EDGE/2G network.

Actual data upload and download speeds depend on various factors, including the device, network utilization, file characteristics, terrain, etc. Learn more at: wireless.att.com/learn/articles-resources/wireless-terms.jsp, your AT&T Wireless Customer Agreement, Section 3.2 Where and How Does AT&T Service Work?

4G LTE not available everywhere. LTE is a trademark of ETSI. Learn more at att.com/network.

AT&T Services
